

SMACVE session at VEITHsymposium

## NON-CME ACTIVITY

FRIDAY, NOVEMBER 22, 2019

### SMACVE at VEITHsymposium 2019

**Location:** Gramercy Suite East, 2nd floor, New York Hilton-Midtown Hotel, New York City

Holding a session of the Mexican Society of Angiology, Vascular and Endovascular Surgery during VEITHsymposium is an idea that arises from the need to share the experiences of Mexican Vascular Surgeons in recent years to the worldwide community of vascular surgery congregated in the most important vascular meeting of the year. In this first experience, outstanding surgeons in the field of vascular and endovascular surgery will show complex cases and their results by means of surgical and endovascular contemporary techniques to be discussed by a group of experts. All attendees at VEITHsymposium are welcome to attend complimentary.

#### 7:55-8:00 Introduction to SMACVE at VEITHsymposium

*Jose Antonio Muñoa, MD*  
*Frank J. Veith, MD*  
*Enrico Ascher, MD*

### SESSION 1

#### COMPLEX ARTERIAL CASES-

From CLI to TAA

#### Moderators

*Ignacio Escotto, MD*  
*Guillermo Escobar, MD*

8:00-8:05

**Endovascular Management for Femoropopliteal Bypass Occluded**

*Oscar Esrasmo Reyes, MD*

8:05-8:10

**Mechanical Thrombectomy for Acute Limb Ischemia**

*Daphne Nunille González, MD*

8:10-8:15

**TEVAR in Zone 1 for TAA**

*Manuel Garcia Toca, MD*

8:15-8:20

**Management of Carotid Tandem Lesions**

*Guillermo Escobar, MD*

8:20-8:25

**Complex Arterial Reconstruction for Diabetic Foot with Critical Limb Ischemia**

*Davinia Elizabeth Sámano, MD*

8:25-8:30

**Experience in Arterialization of Vein System in Patients with No Option for Revascularization in CLTI**

*José Antonio Muñoa, MD*

8:30-8:35

**Retrograde Atherectomy Technique Under Ultrasound Guidance for Femoral Intra-stent Restenosis and Occlusion**

*Ignacio Escotto, MD*

8:35-8:40

**Ruptured Iliac Pseudoaneurysm to Inferior Iliac Cava Vein**

*Gustavo Rubio, MD*

8:40-8:45

**Endovascular Management for Thoracic Aortic Ulcer**

*Alfonso Cossio, MD*

8:45-9:00

**Discussion**

Official session language: English

Coffee service will be available

### SESSION 2

#### COMPLEX VENOUS CASES -

From Superficial Veins to Vena Cava

#### Moderators:

*Gerardo Peón, MD*  
*Herón Rodríguez, MD*

9:00-9:05

**Endovascular Treatment for Mediastinal Fibrosis and Superior Vena Cava Syndrome**

*Vanessa Rubio, MD*

9:05-9:10

**Common Femoral Vein Occlusion Due to Endometriosis**

*Herón Rodríguez, MD*

9:10-9:15

**Threshold to Treat Iliac Vein Stenosis: When to Stent It?**

*Gerardo Estrada, MD*

9:15-9:20

**Iliofemoral DVT Challenging Conditions Requiring Different Recanalization Techniques**

*Rebeca Reachi, MD*

9:20-9:25

**Endovascular Management of Arteriovenous Vascular Malformation: Case Report**

*Nefalí Rodríguez, MD*

9:25-9:30

**Foam Sclerotherapy As First Option for Treatment of Saphenous Vein Reflux in an Emergent Mexican Economy**

*Sergio Piña, MD*

9:30-9:35

**Acute lipodermosclerosis. Case presentation**

*Alejandro González, MD*

9:35-9:40

**Combined Ovarian and Hypogastric Vein Reflux Causing Pelvic Venous Disease**

*Gerardo Peón, MD*

9:40-9:45

**Selective Embolization in Pelvic Congestion Syndrome**

*Lorena Ferrufino, MD*

9:45-9:50

**Inferior Vena Cava Filter Retrieval: Not Always an Easy Task**

*Erasto Aldrett, MD*

9:50-10:00

**Discussion**
