

WE CORDIALLY INVITE ALL VASCULAR
SPECIALISTS TO PARTICIPATE IN A

**LIVE
WEBINAR**

Vascular Complications of COVID-19

TUESDAY, JUNE 9, 2020 | 12:00PM-12:45 PM ET

Complimentary Registration

[CLICK HERE TO REGISTER](#)

COVID-19 has been a learning curve for all medical specialists throughout the globe. For the practicing vascular specialist, the virus has major impact on the circulatory and other systems. As we navigate our way through COVID-19, it is apparent that we have much to learn about the virus and its treatment.

As vascular experts are on the frontline for treating these and other vascular-related COVID-19 conditions, our panel of experts, moderated by **VEITHsymposium** Chairman Dr. Frank J. Veith, will be available to share their views and experiences managing patients with thromboembolism in the lower limbs, acute coronary syndrome, arrhythmias, myocarditis, and renal complications. In addition, you will hear some concerns and issues occurring in the vascular laboratory.

Target Audience: Vascular Surgeons, Vascular Interventionalists, Interventional Radiologists, Interventional Cardiologists, Neuroradiologists, Vascular Medicine Specialists, Vascular Nurses, Neurologists, Sonographers, Medical Students and all Allied-Health professionals are encouraged to participate.

MODERATOR

Frank J. Veith, MD
Symposium Chairman

Distinguished Panel

Peter L. Faries, MD, FACS

Franz W Sichel Professor of Surgery
Icahn School of Medicine at Mount Sinai
System Chief of Vascular Surgery
Mount Sinai Health System
New York, New York

Epidemiology, Diagnosis and Treatment of Arterial Thromboembolism Particularly of the Lower Limbs in the Era of the Coronavirus Epidemic: What's the Best Approach - Endo or Open?

L. Nelson Hopkins, MD

SUNY Distinguished Professor of
Neurosurgery and Radiology
University at Buffalo, The State University of New York
Attending Neurosurgeon
University at Buffalo, The State University of New York
Buffalo, New York

Epidemiology, Diagnosis and Treatment of Acute Strokes Particularly in Younger Patients in the Era of the Coronavirus Epidemic

Sahil A. Parikh, MD

Associate Professor of Medicine
Columbia University Vagelos College of
Physicians & Surgeons
Director, Endovascular Services
NY Presbyterian Columbia University Irving
Medical Center
New York, New York

Epidemiology, Diagnosis and Treatment of Acute Coronary Syndrome, Arrhythmias and Myocarditis As Well As Renal Complications in the Era of the Coronavirus Epidemic

Caron B. Rockman, MD

Florence and Joseph Ritorto Professor of Surgery
New York University School of Medicine
Program Director in Vascular Surgery
New York University Medical Center
New York, New York

Epidemiology, Diagnosis and Treatment of Venous Thromboembolism and Pulmonary Embolism, As Well As the Cautious Utilization of Vascular Lab Personnel in the Era of the Coronavirus Epidemic
